Sir:

Re: Warren Commission Investigating Assassination  
of President Kennedy - Norman Redlich, Legal Advisor  
to Warren Commission -

In the name of Heaven, will you please let me know why Norman Redlich is legal advisor at \$100.00 per day to the Warren Commission investigating the assassination of President Kennedy?

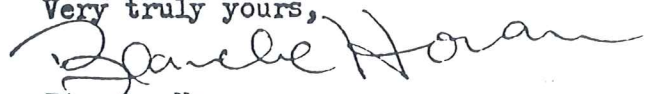

Do you not know that that Redlich, according to records of Congressional Committees, has been or is presently associated with two officially cited Communist Front organizations, specifically the Emergency Civil Liberties Committee and the National Committee to Abolish the House Un-American Activities Commission?

If you care to know more about Redlich, read Fulton Lewis, Jr.'s Report (May 4 - May 8, 1964). He can bring you right up to date on Mr. Redlich.

What has happened to common sense? Why have you hired Redlich when he is a member of Communist fronts to investigate the assassination of President Kennedy by a Communist?

It's about time for the American people to take a look at what is happening today.

Very truly yours,

Blanche Horan
