Dear Mr. Chief Justice:

I am delighted to learn from the public press that your Commission has refused to yield to the pressures of the radical right wing which demanded the scalp of my colleague Norman Redlich. I have known Professor Redlich for several years and have always found him to be a firm exponent of, and a courageous fighter for, the basic principles of democracy and human equality upon which our country is based.

The action of the Commission in "clearing" him helps to restore one's faith in the soundness of the democratic process.

Respectfully yours,

HENRY SELLIN
Executive Director

Hon. Earl Warren

Assassination of President Kennedy
