

CBS ② 6/26/67 10-11 pm

WKS reprise of CBS ①. Yes. Yes. 3. First enough?
5:5 + + sees. But was LHO right of on spray?
In 1989 WFR "no evidence LHO in Ruby print any car sp"
and "no evidence anyone saw later LHO"
Where Skates Come From?

Single Bullet? No "not connected"

Dillard's photos - B King was in Terrace (10:07)
Norman. (Skats overlaid) Behind fence, prints as

Good overlays pt. An hour and (10:07)
1st skat, JFK. For C third time, second skat
hit him, he overground, 3rd skat in pocket
fence, 4th skat same time as 3rd, rest as
found, and he 8-10 ft above ground, 15 ft low.
(10:10) Footprints, in road, on hanger of skat wagon.

Yogurt (10:12), camp in TBD, all prints same time
10:13 - Alt prints, 2 near gate skat

camp 3/3 out JFK talking →, head 8 come in
backed. (10:15) Herschel Tades, says that = Carter
to TSB2, met in fence, felt someone at 3 dots

Spent all in when in shelter
Ming. C " " fine dress, head of it shelter
(10:10) - Commercial

(10:19) 3/3 returns name JFK back. Expresses disapproval.
Plan. W yoke 78, says 3/3 shows explosion but low
evidence, left on low level. (10:20) Wreat,
camp gate underway, led to escape, all possible.

(10:21) ~~out~~ FH do, program audience - ~~listen~~ \bar{c}
Penny. ~~listen~~ or exit? main listening. 2/4
possible. (10:21) BR Penny was head ground by Piers,
David looked like extremely worried.
No Earl Rose US brick machine.

Antony (10:26) - FBI, up to, entering plots, free sheet
Humes (speaks! (Kater)).

Wreat (10:29) - free sheet very tight, shows little
like miles ahead, this with minimum

10:30 Capt. Hennes, Arps, photos front,
conclude "very much - very closely"
his test. Free shot is stable, maintain
design from, not want to be summer
preparing to make. Sup to normal photos.

10:35 WDR, see, 1 Hennes Arps 313 shot
in center window, for news' Comment

10:40 WDR re experiment testing & what -
CBS concludes, from TSBP. Jan 4?? "New discussion Mishkin"

Smith - Bullet Henny

10:41 Arps Arps, Arps TFR what to ~~show~~ at 186
Apr C next 228-29 & the 313

10:45 Tomlinson

10:55 186 frames 2, 9

Course omits angle, but

days "missed"

Average speed 18.3 ft per sec

Bell & Howell paid

yes 18.3

But y camera speed ff — ?

most cutters as expected

HW said 24 frames

Camera times (190-318 frames)

6.9 ————— 18.5 per sec.

7.3 ————— 17.5

6.7 ————— 19.1

8.35 ————— 15.3

6.16 ————— 20.6

35.41
