TO THOSE OF US WHO OC-
CATIONALLY BECOME DE-
SPONDENT OVER THE BRAZEN
EVASIONS OF THE WARREN
REPORT, I RECOMMEND THE
FOLLOWING DISPATCH FROM
THE CITY OF LIGHT:

***Bound, Gagged, Stabbed,
Baroness Ruled a Suicide***

PARIS, Nov. 19 (AP)—The police contend that Baroness Sylvanie de Courtry, who was found dead in her apartment two months ago, committed suicide although she was: (1) bound hand and foot, (2) gagged and (3) pinned to the floor with a Japanese dagger through her back.

To dispel any doubts, the police have made a film showing how the 34-year-old baroness, a spinster, could have done it. Her stand-in is shown taking the knife in her two bound hands and then plunging it deep into her back. The weapon used in the police movie has a retractable blade.

The suicide ruling followed intensive investigation and close questioning of the dead woman's friends and neighbors.
