

Date December 3, 1963

1

On November 28, 1963, Captain GEORGE M. DOUGHTY of the Crime Laboratory, Dallas Police Department, turned over to me the following items which were related to the shooting of J. D. TIPPIT of the Dallas Police Department. Captain DOUGHTY stated that LEE HARVEY OSWALD was charged with this shooting on November 22, 1963.

1. One gray man's jacket with "M" size in collar, laundry mark 30 and 030 in collar, zipper opening, name tag ("Created in California by MAURICE HOLMAN") on lining of jacket. This jacket bore the initials of W.E.B. which is W. E. BARNES and G.M.D. which is GEORGE M. DOUGHTY, officers of the Dallas Police Department Crime Laboratory. This jacket also bore tag number D 9750 on the bottom of the jacket. Captain DOUGHTY stated this jacket was found by Captain W. R. WESTBROOK of the Dallas Police Department on an open parking lot west of Patton Street between 10th and Jefferson Streets, Dallas, Texas.

2. Five live .38 caliber western special shells initialled "E.B." which were found in the left front pocket of LEE HARVEY OSWALD following his arrest at the time he was searched by ELMER BOYD, a detective of the Homicide Bureau of the Dallas Police Department.

3. Four live .38 caliber shells found by Dallas police officer JERRY HILL at the time he was arrested by the Dallas Police Department on November 22, 1963.

4. Four empty .38 caliber hulls. Regarding two of these hulls, Captain DOUGHTY stated at first that an unidentified witness at the scene of the shooting of Officer TIPPIT at 400 East 10th Street, Dallas, Texas on November 22, 1963, had turned them over to Officer J. M. POE of the Dallas Police Department who delivered these two hulls to the Police Crime Laboratory at the Dallas Police Department. Captain DOUGHTY stated that subsequent information verified that one DEMINGO BENAVIDES of 501 East Jefferson, had found these two hulls on November 22, 1963 in the block of 400 East 10th Street

near where the shooting of Officer J. D. TIPPIT occurred on that date, and that BENAVIDES was the individual, in fact, that had turned these hulls over to Dallas Police Officer POE. One of these hulls was found by BARBARA JEANNETTE DAVIS of 400 East 10th Street, Dallas, Texas, and this hull was turned over to Captain GEORGE M. DOUGHTY of the Dallas Police Crime Laboratory. This hull was found in the front yard of BARBARA JEANNETTE DAVIS of 400 East 10th Street, Dallas, Texas. The other empty hull was found by VIRGINIA DAVIS of 400 East 10th Street, who resides at that address. VIRGINIA DAVIS found this empty hull in her front yard and turned it over to Detective C. M. DHORITY, Homicide Bureau of the Dallas Police Department, Dallas, Texas. Captain DOUGHTY stated that all hulls were received in the Police Crime Laboratory on November 22, 1963.

Captain DOUGHTY stated that at the time LEE HARVEY OSWALD was arrested on November 22, 1963, there actually were six live .38 caliber shells found by Dallas Police Officer JERRY HILL in the gun found on OSWALD. Two of these live .38 caliber rounds were released to U. S. Secret Service on November 26, 1963 and were at the time in custody of the U. S. Secret Service, as far as he knew. Captain DOUGHTY stated that he wanted to point out this fact since only four of the live .38 caliber shells found by Dallas Police Officer JERRY HILL at the time OSWALD was arrested by the Dallas Police Partment on November 22, 1963, were being turned over to the FBI.
