

AN ACTION PROGRAM TO END THE WAR IN INDOCHINA

As members of the legal profession we are alarmed by the action of the President in extending the war into Cambodia. We are deeply concerned that the divisions caused by this war endanger our fundamental institutions.

On May 20, 1970, we will cease, to the extent consistent with our professional responsibilities, our usual business and devote our efforts exclusively toward ending the war in Indochina. We call upon all lawyers to join us. We seek to fulfill our responsibilities as lawyers, and candidates for admission to the Bar, by speaking directly with our elected representatives and administration officials to advocate immediate withdrawal from Cambodia, the earliest possible termination of our involvement in Indochina and a return to the rule of law at home and abroad.
