

Wed. 8/29/79 7pm WMCA
Livingstone & Blakes (Barry Farber)

F: one of the most unusual stories ever to
appear in NYT - (reads it). His
reaction is outrage

L: (on phone) article severely truncated
by NYT. It cut out "L says

APs have been altered & govt is
part of the conspiracy" Is trying draw
att to these photos, frontiers will

tell you CIA reaction HSCA safe
was to draw att to these photos, one
of which is a fake. Reaction was
hidden by Blakes 4 a yr. Finally

Joe Hardner in W last published the
story (summarizes). Blakes

prints on the photos. Perhaps
done to force disclosure that

photos are planted, Blakes
once worked 4 McCord of
Watergate

F: you going to print photos in trash
map to make to ??

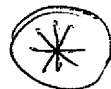

L: That is impression being created to
Leschmich a discredited critic. 2 photos
have been published by HSCA in
tracings (back of hand). But it is a
fake. He was struck more than
once in head and that is what
they are hiding. Is very concerned
because + = + ppl continue to die.

Spe De M in one says clearly.

LHO innocent. Had high CIA
connections. Very close to LHO.
Probable LHO was CIA agent.

F: How come no orders?

L: Was a lot of interest but as
things now stand he could not
tell them and they are not
available.

F: What about \$500,000?

L: Wanted raise Kelly to antenna
invest. At it 4 15 yrs.

No formal group but
L.M. another of ATF most imp't
she has to do the photos

7: Where did you get them?

L: Many people have had access to them. In 1966 ppl practically walked into Archives and saw them. Nothing copied, nothing illegal but Blaney 1st reaction *
was go to D of J and try to have him arrested.

[Generalized findings in WR
vs findings of HSCA]

Position of wound has moved drastically over the years. WC says 3 shots HSCA says 4 > probable conspiracy, Preyer says, 2 lone assassins, Blaney, org. crime, no shred of evide.

Govt murdered Pres. Was a *coup d'état* by the war party in 1963 (Vietnam).

7: Doesn't make sense to him -

L: They didn't want to win the war either, just wanted to stretch it out. They betrayed their country

Name of game was, pull helicopters and
get rich. False trails laid to LHO
eg Marcellus trip M Bishop etc

F: Who shot Tippit?

L: 2 men, LHO not involved &
LHO did not kill JFK.

F: What was did LBT have?

L: Nat'l Sec. admin is real president
Kissinger & Brag work 4 one man
Eisenhower had no power
Kennedy had Bay of Pigs dumped on him
fronty sup it was sabotage by CIA to
embarrass JFK and show him
CIA power, JFK then fired top
echelon CIA Dulles Cobell Bessell
Helms up & liaison to WC, suppress
much inf.

F: Now you have done it, who is
man?

L: David Rockefeller

F (goes wild with sarcasm)

vi Was Nelson R report on CIA
Church = Pike Group had to break
thru. All these agencies =
Ultra right = ultra left. Afla in
middle are being squeezed.

Does not imply in any way
Rockefeller implicated in the assassin.
Carter is powerless. Most high Govt
officials are in Tri-lateral
Comm.

(F) No hard feelings but the "15 one of
those" He is a con sp. theorist.

(h) Personally believes Constel framework is
a facade. Real power is big money.
Tumble thru done to Conley Jones by CIA.
His con sp. theory already put → by
Col. Fletcher Prouty as a clique in and
out of the Govt were resp. for the murder.
Does not feel LBJ involved at all.
He was a captive. JETHE RMN were
in Dallas day before. Was a
coup on 11/22/63

- ⑦ Do you mean RAN & JETT were part of the assassination plot?
- ⑧ It may be so, yes. Watergate was no accident
- ⑨ You are trying to nail custard pie to wall
- ⑩ Jaworski Ball etc also in Watergate. Some of RAN JETT handmen probably involved in the lesson. Some generals also. Probably about 50 ppl involved. Books were suppressed. Went to read letters from a PT doctor. They found wounds not seen by the autopsists.

Nixon and Hoover in Dallas because bought there by the core conspirators who knew they would be in the successor Gov't. They didn't know why they were there, Nixon lied about being there. Why? He finally was forced to admit he was there.

Letter is from Dr Paul Peters, Shrewsbury PH
Doctors copies of Aphotos. Peters
indicates drawing from SSD was the
more correct depiction. (reads letter)
Point is, back of head blown off
went left of car eg was a
sniper ahead of Pres. (not on
grassy knoll) Went violently
back and 2 left. Goat is
covering up he was shot at
least 4 x.

All 7 docs say large gaping wound
in back of head the vol. 6 of (?)
misrepresents (?)

Bleiberg trying make underworld the
patsey.

Murder of naval photographer
Lt. Pitzer who took the Aphotos
Not a real suicide

Exec. of Kurdish rebels in Iran
in all papers. What could he &
obscene? Continued covering of
Consp. Kill JFK, Country not right
since then.

Personally wish you would
publish original authentic photos
in archives. HSCA had po-oolley
scientific reports one on NAA

Dr. Jellum. See hardware story
on different fragments. A
fabrication of evidence, one &
many. Photo LHO rifle,

forgery. While they is
fabrication from beg to end

Money made by you cover uppers
Ask Blakey what he got from
Bartman.

⑦ You and Blakey have a deep
vicarious personal disagreement.
Thanks a lot.
