

Lowenstein FOR CONGRESS

Dear Friend, *Mrs. Meagler*

I wish to thank you for your very generous contribution to Al Lowenstein's campaign.

In this post-Watergate era, it is heartening that there are some political leaders in whom people still have confidence. In this critical year for our country, Al Lowenstein is dedicated to, and capable of restoring the confidence of the people in our democratic processes and government, and, more importantly, to making our democratic processes and government fully worthy of that confidence.

Without people such as you, it would be impossible to transmit our message to the voters of the Fifth Congressional District. The economic woes that afflict the country also afflict our campaign. Inflation has sent costs soaring, and therefore each dollar contributed has become even more valuable than in the past.

On behalf of Al and the entire campaign, thank you again. We shall put forth our best effort to deserve your continued confidence and support.

Sincerely,

Arthur C. Kaminsky

Campaign Manager

*Al and I are personally
grateful.*
