Dear Sylvia,

Hope this finds you completely recovered from your summer problems and ready for a new year.

Perry and I are planning to finish re-writing and editing the m/s. We are also adding some new stuff, but not much. Before we start this task we hoped to hear from you so that we could have the benefit of your criticisms.

We hope you can find the time to do this as we will greatly value your suggestions.

If you feel that your health will delay your helping us at this time, let me know and we will go ahead and finish our work. Really hope that you've recovered your health.

Peace,

Fred

P.S. After revisions, hopefully incorporating your suggestions, we will send you the final draft.

Study at archives. Can you tell me
anything about this?*
