

Date December 3, 1963

1

Mrs. LUCILLE LAGUILLON, U. S. Customs, Export Control Section, 200 Customhouse, advised she and other employees of that section had recently read that LEE HARVEY OSWALD, while in New Orleans, had been employed as a delivery boy for the J. R. Michels Company, in which capacity he would have made visits to the Customs office. She stated OSWALD would have come to that office with Export Declarations to be authenticated to return to the J. R. Michels Company. She said she also read that OSWALD was employed by that company approximately two weeks in 1955 or 1956.

Mrs. LAGUILLON said she and the other employees of the Export Control Section had discussed this and all stated they had seen OSWALD's picture in the newspaper and on television recently, but none recognized him and none stated they recall having seen him at any time. She stated she positively did not know OSWALD or recognize him as anyone she had ever seen.

Mrs. LAGUILLON stated that OSWALD would have had an identification photograph at the Export Control Section along with a brief file concerning him and the name of the firm he represented. She said she felt certain this file would have been destroyed after it was five years old, or about 1960 or 1961. She said that the person who would know the disposition of this file would be Mrs. DORIS N. NACCARI.
