Book suggests JFK wasn't target

NEW YORK — Lee Harvey Oswald, who assassinated President Kennedy, may have intended to kill John Connally, then governor of Texas, according to a book excerpted in Time magazine this week.

Connally was wounded in the rifle attack that killed Kennedy Nov. 22, 1963, in Dallas.

Oswald was angry because Connally had done nothing to help restore his honorable discharge from the Marine Corps, according to the book, "The Great Expectations of John Connally," by James Reston Jr.
