

Filming Under Way On JFK Assassination

Colorado Springs, Colo. (AP) — Robert Larsen, Colorado Springs commercial film producer, has begun filming in Dallas a featured length movie of the assassination of President Kennedy.

Larsen said it would be titled "Countdown in Dallas." He has been assured the cooperation of Dist. Atty. Henry Wade, former Police Chief Jesse Curry and Mrs. Marina Oswald, he said, all of whom have agreed to appear in the production.

Mrs. Oswald is the widow of Lee Oswald, suspected slayer of the President, who later was gunned down in the Dallas police station by Jack Ruby, now dead.

Actual television film of Oswald's fatal shooting will be worked into the picture by showing a family watching it on their home set.
