## Magazine Says 2 Assassins Involved in Kennedy Slaying

Esquire Magazine has issued carried last June 7 by the UPI. a release about an article in it discussed the picture in its December issue stating that question in detail. It's newly discovered photograph" obtained from United after talking to witnesses, reconfirm the existence of a second assassin in the slaying of President Kennedy.

In his dispatch, Fox said that after talking to witnesses, studying the Warren report and various challenges, he personally was satisfied with the warren Report findings.

of President Kennedy.

The article is based in part on conclusions drawn by the author from a blowup of the picture which was taken from made out or the could be seen from the picture which was taken from made out as the rear of a one frame of a film of the light-colored station wagon assassination. The article states wedged between a colonnade erroneously that three UPI and a fence. Fox wrote:

"If the picture is studied long theory that the picture indicated enough, one can believe that a second slayer.

Report. A 1200-word dispatch, also imagine a white-faced steer written by UPI staff cor-staring down from above the respondent Jack V. Fox, was colonnade."

he sees a man in sunglasses, Various frames of the film, leaning on top of the station taken by Orville Nix of Dallas, wagon and pointing a rifle down are contained in the Warren toward Elm Street. But one can
