## C.I.A. Says It Dismissed Officer After House Files Were Searched

## By JANET BATTAILE

Special to The New York Times

WASHINGTON, June 17 - A Central unauthorized entry into the locked safe, his fingerprints were found on sensitive Governor John B. Connally of Texas. evidence kept in a committee safe, the C.I.A. acknowledged today.

An agency spokesman, Herbert Hetu, said the officer, Regis T. Blahut, was dismissed last summer shortly after the rifled files were discovered and reported by the House assassinations committee.

Mr. Hetu said that the incident was a case of one man's curiosity and not an instance of C.I.A. spying on a Congressional committee. "It was just a case of poor judgment," he said.

He said that Mr. Blahut's job was to coordinate agency records that the committee needed for its investigation into the assassination.

He refused to elaborate on the reported

Intelligence Agency officer who was as- where the committee kept physical evisisting a Congressional committee in the dence of the assassination, including auinvestigation of the 1963 assassination of topsy photos, X-rays and the bullet that President Kennedy was dismissed after wounded both the President and then

> But a report in Monday's edition o' The Washington Post said that Mr. Bla nut's fingerprints were found on the safe and on the photos and other evidence inside it.

> The Post story said that nothing was taken from the files and quoted Mr. Blahut as saying that there was an nnocent explanation, although he refused to say what that was. He told the paper he had signed an oath of secrecy with the agency and could not discuss the incident.

> The committee's general counse, G. Robert Blakey, declined to discuss the matter. "The incident is terminated and I see no reason to comment on it," he said.
