Date 11/29/63

FLORENCE E. MC DONALD, 511 East 6th Street, Irving, Texas, employed by the Socony Research Laboratory, Duncanville, Texas, advised that in early February of 1963, she attended a party at the residence of EVERETT GLOVER, a fellow employee of the Socony Research Laboratory, 3600 Duncanville Road.

In attendance at this party were Mr. and Mrs. LEE HARVEY OSWALD, Mr. EVERETT GLOVER, Mrs. RUTH PAINE, Irving, Texas, RICHARD L. PIERCE, another employee of the Socony Laboratory, Mr. and Mrs. NORMAN FREDERICKSON, Irving, Texas, now a student at the University of Wisconsin, and Mr. and Mrs. GEORGE DE MORIENSCHILDT, who are now residing in Haiti. FLORENCE MC DONALD advised that this was her first and only meeting with either of the OSWALDs. She advised it was her understanding that the OSWALDs had been brought to the party by the DE MORIENSCHILDTs, and the DE MORIENSCHILDTs throughout the evening appeared to take a special interest in the OSWALDs. She stated that the main topic of conversation was OSWALD's travels and experiences in the Soviet Union. United States politics, Cuban affairs and the policies of the KENNEDY administration were not discussed at this party. During the course of the evening, OSWALD informed all in attendance that he was a Communist and had attempted to join the Communist Party while he was in Russia. OSWALD appeared to be fairly intelligent and articulate. Mrs. OSWALD spoke very little English and participated only to a limited degree in the conversation. Miss MC DONALD recalled that OSWALD stated he was employed by a large downtown printing firm and was at that time experiencing difficulty in supporting his family on his income. OSWALD made no statement which would indicate any future violent activity against any one person or group of persons.

Miss MC DONALD stated that GEORGE DE MORIENSCHILDT, wife, JEAN, is a geological consultant who moved to Haiti in the Spring of 1963. She recalled that JEAN DE MORIENSCHILDT reportedly was employed by SANGER HARRIS in Dallas. Both have children by previous marriages. Miss MC DONALD stated that both DE MORIENSCHILDTs appear to be eccentric individuals. She recalled the DE MORIENSCHILDTs described a trip they took through Mexico to the Panama Canal on foot, which supposedly spanned one years time. She described GEORGE DE MORIENSCHILDT as a white male, 45 years old, 5 feet 8 inches, 160 pounds, sandy hair, unkempt and a ruddy complexion. He appears to be well educated and stated he grew up in either France or Russia and speaks fluent Russian. Mrs. DE MORIENSCHILDT was described as a white female, 5 feet 6 inches, 140 pounds, blond hair--possibly bleached, 45 years old and also fluent in Russian and possibly Chinese. Mrs.
