Mr. GEORGE A. BOUHE, Apartment "0", 4740 Homer, was reinterviewed at his residence on December 27, 1963.

Mr. BOUHE advised that he recalls attending a party during December, 1962 at the home of Mr. and Mrs. DeCLAN P. FORD, 14057 Brookcrest, Dallas, Texas, which was also attended by LEE HARVEY OSWALD and OSWALD's wife, MARINA.

Mr. BOUHE advised that he did not personally feel that OSWALD was a Russian Agent, nor did he feel that any of the other Russian-speaking guests at this party felt that OSWALD was a Russian Agent, but they felt that OSWALD was "crazy". Mr. BOUHE said that the other Russian-speaking guests were suspicious of OSWALD because the Russians let OSWALD's wife come out of Russia with him so easily. Mr. BOUHE said that these people are suspicious because they have been in the U.S. for about ten to twelve years and have lived under a "police state" condition both in Nazi Germany and previously to that in the Soviet Union. Some of these people had indicated that it had taken long periods of time to have wives and relatives released to join them in the U.S.

Mr. BOUHE advised that he did not, and to the best of his knowledge, none of the other Russian-speaking members who attended this party have any specific reason for feeling that LEE HARVEY OSWALD was a Russian Agent.

Mr. BOUHE advised that he recalls that the following individuals who are Russian immigrants attended this party, but he believes all have been previously interviewed by the FBI regarding LEE HARVEY OSWALD:
