

The following investigation was conducted by Special Agents NAT A. PINKSTON and GEORGE W. H. CARLSON:

On November 23, 1963, Mrs. CHARLES T. DAVIS, aka AVERY DAVIS, 902 Westmount, Dallas, advised that she is employed by Scott Forsman and Company on the fourth floor of the Texas School Book Depository Building. She is not acquainted with LEE HARVEY OSWALD and does not recall having seen him until she saw him on television.

On November 22, 1963, she was standing on the front steps of the building when the President passed and she then heard three explosions. She did not realize they were shots and did not see anyone with a gun and immediately returned to the building and to the elevator to her fourth floor offices. She does not recall ever having seen OSWALD before.

She stated that MARY HOLLIS, with whom she is employed, told her that she was watching the President go by from the fourth floor office windows and immediately after the shots were fired, she thought she heard footsteps running across the floor directly above her, however, she did not see anyone fire any shots or anyone with a gun in his possession.
