FEDERAL BUREAU OF INVESTIGATION

Date December 18, 1963

1

Mr. ROYCE GLENN SKELTON, 2509 Reagan, Apt. 105, Dallas, Texas, was interviewed at his place of employment, the Texas-Louisiana Freight Bureau, Room 215, Union Terminal Building, and furnished the following information:

Mr. SKELTON advised that he and a fellow worker, AUSTEN LAWRENCE MILLER, decided to watch the Presidential Motorcade on November 22, 1963 from the railroad tracks on top of the triple railroad overpass on the Elm Street side, facing east. They arrived at this spot about 12:15 P.M. and waited until the Presidential Motorcade came by.

Mr. SKELTON noticed that as an open limousine turned on Elm Street, it had moved approximately one hundred feet at which time he noticed dust spray up from the street in front of the car on the driver's side. This dust spray came from the direction of the Texas School Book Depository building. A few seconds later, he heard what he believed to be three shots. He did not see anyone fall but he saw a woman grab someone and hold him and heard her say "Oh, no! Oh, no!" It seemed as if the car slowed down for a few seconds and then he heard a voice say something to the effect of: "Get out of here," and the car quickly sped away.

Immediately thereafter, he turned around trying to look in all directions at once, and watched newsmen running around trying to take pictures. He also noticed a motorcycle lying in the street. He does not recall seeing anyone else that he knew on the railroad overpass or in the vicinity of the shooting besides Mr. MILLER, and a man he believes was the electrician of the Union Terminal Building but whose name he does not recall.

He does not recall ever seeing the President of the United States during the above-described scene.
