Accessories After the Fact.
Sylvia Meagher. Bobbs
Merrill. \$8.50. Subtitled "The
Warren Commission, the
Authorities and the Report,"
this book is scheduled for
Nov. 30. The author examines
the report and its 26 volumes
of hearings and exhibits,
charging "discrepancies,
distortions and misrepresen-
tation" of crucial points of
evidence to support a demand
for a new investigation. She
thinks Oswald may have been
innocent.
