"APPOINTMENT IN DALLAS"

Appointment In Dallas: The Final Solution to the Assassination of JFK, by Hugh C. McDonald and told to Geoffrey Bocca (New York: Zebra Books, 1975, \$1.95, 223 pgs.)

The back cover of Appointment In Dallas tells us that the author "is the man who travelled over 50,000 miles, through 10 countries, to track down JFK's real assassin." Incredible. If true, then we would have no need to read the likes of Anson, Meagher and Weisberg. If not, then we perhaps have here what Weisberg calls a "deliberate fraud." Whatever, many people probably think that they in reading McDonald's book, have read the truth of the JFK assassination, for the book has one million copies in circulation and has been reprinted twice. It was No. 9 in the NEW YORK TIMES, Dec. 28, 1975, mass market paperback best seller list. MIDNIGHT magazine summarized the book in three recent installments (Jan. 19, 26 and Feb. 2).

McDonald has a background in Military Intelligence and police work that spansover 10 years. Today, he remains a Major in Military Intelligence in its Retired Reserve. His personal history, he claims allowed him access to a man he dubbed "Saul," and to get from him a complete confession to the assassination. This professional assassin was supposedly hired to kill Kennedy and Oswald.

Oswald it is claimed was to shoot in the direction of the presidential motorcade in order that Kennedy be made more security-conscious.

Amazingly, he was to be in full view in the sixth floor window of the Texas School Book Depository because,

(the) Secret Service wanted to be absolutely sure where he was and that he was doing what he had been tolld. They told him they would recognize him because they had photographs of him (p. 169)

"Saul" was to kill Kennedy from a second floor window of the County Records Building at the same instant that Oswald fired. Oswald was to remain in full view after shooting the warning shot. "Saul" was to finish off Oswald when the presidential security screen started firing at the conspiracy's "patsy." This part of the plot failed so there were two backup men:

There had to be two key men; the first (the "outside" man) to track and kill Oswald in the seemingly remote eventuality that he escaped entirely undetected, the second (the "inside"man) to eliminate Oswald if he were to be caught alive and taken into custody. The "outside" man is so far unknown. He obviously failed. The "inside" man... (was) Jack Ruby. (pgs. 127-8)

Even if Oswald was a rank fool why would he take this shot, why would he remain in the window?? What about the shot(s) from the front of the motorcade, from the grassy knoll? "Saul" through HeDonald says that they didn't exist, discounting then the Zapruder film, eyewitnesses and physical evidence (e.g. C.E. 60).

Why then was this book written? To make a buck? To confuse the publica was McDonaldlead to believe a partial bruth was a whole truth? While the author in the book and on television has said that he wishes to answer to Congressional inquiries, this testimony has yet to have been made. Were it, it would perhaps lie to rest the many questions that one has in reading APPOINTMENT IN DALLAS.

After hours of diligent work, the Wisconsin Assassination Information Bureau is proud to present you with its first official newsletter, the MONITOR. You have received a copy because you share our skepticism of the official solutions to the various assassinations of the past twelve years and have expressed a desire to keep informed on this crucial issue. With your support, we hope to make the MONITOR a monthly means of interpreting and disseminating current revelations pertaining to the subject of political murder in this country.

The W.A.T.B., which seeks to politicize the issue of political murder, has been in existence for a little less than a year. In that year we have done much to keep the issue alive in the Southeastern Wisconsin area. We've participated in the production of five T.V. shows and numerous radio programs. While carrying our petition drive to the State Fair, three neighborhood festivals and the national YSA convention we have collected nearly 5000 signatures on petitions calling for a Congressional investigation into the JFK assassination. New chapters are presently being formed on the Marquette University and Milwaukee Area Technical College campuses to add to our existing UV-Milwaukee organization. Thanks to the efforts of Robert Groden and the national A.I.B. we now have an adequate slide and film presentation about the JFK assassination. These materials were used successfully at the Oriental Theatre and the Oklahoma branch of the Milwaukee library.
