Dear Mr. Bayliss,

I am enclosing herewith a brief biographical resume and a photograph, as discussed last night. Please do not specify that my work is at the World Health Organization, as my Director does not wish the WHO to be linked with my work on the assassination.

Thank you for offering to send me a copy of the Saturday Evening Post with the review of the O'Toole book; and of course I shall look forward to receiving the issue with your round-up of the critics.

Yours sincerely,
