DEAR Mrs. Meagher;

HERE'S the "complete" bibliography. Undoubtedly, you are able to add more books to our list. If you have time, please submit additions to us, and we will include these on a revised list. This one we are sending was compiled by Elliot Mintz of radio station ~~KPFK~~ ~~FM~~ Los Angeles.

You will be interested in our next newsletter, to be mailed in a few days, concerning Epstein's critique of Garrison's inquiry, and including pieces by Dr. Richard Poytin + Harold Weisberg. If you feel inclined, please send comments on this or any other aspect, especially re Kerry Thornley, about whom we are preparing an issue. You have voiced strong feelings in this matter, + we would be happy to print these if you are agreeable. Sincerely,
A.G. Arkoff, MD. (FORAIC)
