Dear Harold,

Can you help me with a reference for a footnote in my ms?
In your article "Oswald and the FBI" in The Nation, January 27, 1964,
you refer to a story by Joe Golden in the Philadelphia Inquirer of
December 8, 1963. If you still have the clipping, can you please
supply the title of the story, the correct spelling of Golden's
name, and the page number on which his story appeared?

I would be grateful if you would call me collect if you can
locate this information. Area Code 212, Chelsea 2-4293. Many
thanks, and warm regards.

Hastily,
