At the downtown YMCA, N. Ervay Street, Dallas, Texas, Mr. JOE MC REE, Residents Manager, advised that the registration card for transient guests at this YMCA are maintained for a period of only six months and then destroyed. He does maintain on a permanent basis, however, a daily sheet showing the names of the permanent guests in residence and the names of the transient guests checking in on that day and checking out on that day.

The daily sheets from July 31, 1962, to November 30, 1962, inclusive, were physically examined and it was ascertained through this physical examination that LEE OSWALD registered as a transient on October 15, 1962, in Room 415, and checked out on October 19, 1962.

Mr. MC REE advised that he has no personal recollection whatever of LEE OSWALD and that there are no further records to indicate anything about him.

He then conferred with Mr. R. G. BARKER, his desk clerk, who said that he has no recollection of LEE OSWALD.
