Dear Sylvia,

Enclosed please find my analysis on LHO, Mexico and the 'HSCA Report'. I hope you will find this memo enlightening.

I have received some of your indexes from Paul. It pleases me that you are actively working on the case again.

My lawsuit for Warren Commission Document 347 is stalled in the D.C. Circuit Court of Appeals as the CIA files for and receives extension after extension to answer my appellant brief. I'll let you know if they release anything.

Sorry I took so long to cash your check. I figured the \$2.00 wouldn't foul up your records too badly.

I'd certainly would appreciate any comments you might have on the enclosed memo. Please note my new address and phone number.

Best wishes,
Mark
