Dear Sirs,

You will oblige me greatly by indicating whether you can provide me with a supply of Western Cartridge Company ammunition for the 6.5 Mannlicher-Carcano rifle, and the price thereof. If you are not able to supply this ammunition, can you please indicate other possible sources?

You will do me a service if you also indicate whether or not you are currently producing 6.5 mm ammunition suitable for the Mannlicher-Carcano rifle and, if not, the date on which manufacture was terminated.

I shall be very grateful indeed for your prompt reply.

Yours sincerely,

S. Meagher
