

4/28/69 Home conversation with Pearl Wasserberger
10pm - 1am

Armore conversation = Albert Kaplan, overheard by
Allan Margolis, re "untouchable" money put
aside by A. and how incense it so as yield assured
income to live on. K. said, could be done \approx \$50,000
suggested A. appeal for contents. A. replied,
sounds dangerously close to larceny. K. said,
you will get used to the idea. In Sept. 1968
A. did appeal for \$35,000, apparently intended
all along to divert receipts to his private acct.
- in England = first yielded plus the 6
acct. MIC - Passaic. Total may come to some
hundreds of 1000s \$. When he stayed in
Mr & Mrs Kiklicia he flashed \$1000 bills but
stuck them to several \$100 in overseas phone
charges. When returned in Feb. 1969 wanting
resume public, discovered he would have to pay
first. \$60,000 in taxes because TMO finished
1968 = a profit, not a loss, 4 1st X =
Gov't wants know, how come. Left masses
unpaid bills, owes every one, apparently
took all pending mail etc from DM got
A merely placed into Kiklicia's garage

Told R's late mother he was never in concentration camp, had the number placed on his arm. R's brother Stephen in Israel 17 yrs ago beat up A. & sent him to hospital for courting R. when he was already married. A. now obsessed & had "round table" = Varda = Seth re Ruth's shortcomings, his plan re-marry & live = home & her 3 daughters = Varda - promising V. they would not have more children. Seth walked out in disgust.

Ruth wanted to leave A. 2 yrs ago but her family insisted she not leave Varda & him because they feared physical attempt by him on his own daughter.

He has taken up = a Nazi he met in Paris - is very close to him - who urges him not to give damn about his family, that they do not count. A. is not working or earning any income, plans to run for Knesset, expects he Prime Minister of Israel before too long.
