Dear Mr. Arnoni,

Thank you for inviting me, through Vince Salandria while I was visiting his home last night, to submit the enclosed review of the book, The Two Assassins.

In the preface to my unpublished manuscript on the Warren Report, I have expressed my personal gratitude to the MINORITY OF ONE for maintaining an unequivocal stand against the lone-assassin-thesis and for opening its pages freely both to letters from readers challenging the Warren Report and to major articles such as Harold Feldman's on the direction of the shots and Vincent Salandria's on the stretcher bullet. Now that Vince has put us in touch, I should like to express my thanks personally, in this letter, for your important contributions, not only on the assassination but on many other crucial issues.

I have mixed feelings about having the enclosed critique published, but if you feel that you want to use it, perhaps we can talk about it before reaching any decision. My phone number at home is Chelsea 2-4293; at the office, it is Plaza 4-1234, ext 2024.

With all good wishes,

Yours sincerely,
