Dear Menahem,

Enclosed herewith is an excerpt from Epstein's interview last night on Channel 13, which confirms (if such confirmation was even needed) your estimate of his character.

Also enclosed is an insertion of a new page and a quarter which I very much hope can be fitted into "Three Assassinations." As I mentioned, I had added a new page 4 (B) without retaining a copy for my records, which I believe deals with the Garrison/Mark Lane allegations about 2 emissaries from RFK. The enclosed additional material on Epstein can perhaps be inserted after page 4 (B) of the ms. (This time, I did make a carbon copy for my files!)

I am going to telephone you soon in your hospital room, and hope very much for good news. Love,
