Mr. John Cloud
Box 906
Tempe, Arizona 85281

Dear Mr. Cloud:

Thank you for sending me information relating to my efforts on the Senate Select Committee on Intelligence Activities to investigate the assassination of former President John F. Kennedy.

Also, thank you for your kind invitation to join you on a panel to discuss the assassination before the Western Social Science Association. I regret that a previous commitment will not allow me to attend your May 1 seminar.

As the work of the full Select Committee nears completion, we will be attempting to reach some conclusions concerning the investigation of the Kennedy assassination. Although our subcommittee has had neither the time nor resources to conduct a full-scale review of the Warren Commission findings, the evidence we have uncovered convinces me the American people still do not know the full truth about this tragic chapter in our history.

You may be certain I will give careful attention to the information you sent. It is good to know of your support for my stand on this issue.

I wish you great success with your upcoming seminar.

Sincerely,

Richard S. Schweiker
United States Senator
