

## FEDERAL BUREAU OF INVESTIGATION

1

Date 7/13/64

JACK C. HARPER, M.D., with offices located at 526 East Jefferson, telephone number WH 1-0323, advised he resides at 534 Monssen Drive, Dallas, Texas, telephone number WH 2-2878.

He advised he had been interviewed previously by a representative of the FBI. During the course of this interview, Dr. HARPER stated he advised that his nephew, BILLY A. HARPER, 2378 East Ledbetter, Dallas, Texas, who at that time was a pre-medical student at Texas Christian University, Fort Worth, Texas, had been taking photographs in the area where President KENNEDY was assassinated, and had found a piece of ~~human~~ bone. Dr. HARPER stated his nephew indicated he had found this piece of bone at approximately ~~5:30 P.M. on November 23, 1963~~, in the area approximately ~~twenty-five feet south of the site where President KENNEDY was assassinated~~.

Dr. HARPER stated his nephew immediately brought the bone to him and he and the Chief Pathologist at Methodist Hospital of Dallas, Dr. A. B. CAIRNS, had examined the piece of bone and both definitely felt that it was a piece of human skull.

Dr. HARPER advised that he felt in view of the proximity of the place where the piece of bone was located, it might possibly be a part of President KENNEDY's skull.

Dr. HARPER advised that after he and Dr. CAIRNS had examined the above piece of bone, he had M. WAYNE BOLLETER, Chief Medical Photographer, Medical Photography Department, Methodist Hospital of Dallas, make two 35 millimeter color slides of this piece of bone, one slide being a photograph of the concave side and the other slide being a photograph of the convex side.

~~Dr. HARPER stated he would make available these slides to the FBI, but requested that they be returned to him.~~

on 7/10/64 at Dallas, Texas File # DL 100-10461  
 by Special Agent A. RAYMOND SWITZER/ds Date dictated 7/11/64
