QUEEN'S UNIVERSITY MEMORANDUM

19 April 71

Dear Sylvia -

Enclosed are some notes on the Walker Bullet. More may follow. If I can render any help in this matter, either to you or to Smith, please tell me.

I sent to Roffman your paragraphs about the Jinnus article. I offer you the strongest assurance the Howard will do nothing with the material that is not in accord with your wishes.

Spring is finally here, and at last I am out of the dumps — brought on by too long a winter and not seeing green life soon enough.

Stille,

Dick
