DEPARTMENT OF CLASSICS  
KINGSTON, ONTARIO

15 January 1969

Dear Mrs Meagher:

I read your good article, "Three Assassinations", in TMO of September 1968.

Would you please tell me the source of your information that many of the witnesses at the RFK killing heard three blasts when eight were fired. That information is intriguing. Do you know whether the proportion of witnesses who heard three blasts corresponds with the proportion of WC witnesses who heard three?

Yours truly,

*Dick Bernabei*
