Dear Dr Wecht:

Although I would eventually have sent you a copy of the enclosed letter for my own interest, I send it now directly at the request of Sylvia Meagher. You will shortly be hearing from her concerning its contents. Harold Weisberg, Josiah Thompson, and some other persons also have copies.

The letter discusses ~~one~~ certain ballistic evidence which I am confident proves that President Kennedy was wounded in the head by a shot fired from a location other than behind the President.

I would be pleased if you would carefully examine the contents of the letter and, if you have the time, comment on them. I welcome anything that you have to say.

If you write, please send a copy of your letter to Mrs Meagher, for I am sure that she will wish to know your opinion, or that of others with whom you may wish to discuss the matter.

Your truly,

Dick Bernabei
