Dear Sylvia,

Sorry not to have written for so long. Recently I found it was becoming almost impossible to think about the assass. in any way. However I shall try to get some sort of a clarification off to you of my letter to Bob Ockene (of which you got a copy & sent reply etc.)

I thought the enclosed might be of interest to you, however; I think a rather shrewd letter intended to forestall any sudden decision by E. to issue an arrest warrant or something for Ruth P. He probably realized he was unpredictable & is responsive to flattery.

Best,
Tom
