

3 May 1968

Dear Tom,

Just a quick note to spare you the trouble of sending me the Billings articles from the Chicago press. One of my colleagues at UN this morning gave me the series of three articles by Billings which appeared in the Miami Herald on April 22-24, and which seem to correspond with the five (shorter?) articles in the Chicago newspaper.

It was good to see you again, please let me know what develops in the matters we discussed.

Hastily,
