Dear Mr. Sokelow,

Thank you for the information you kindly gave me on the telephone this morning. As we discussed, I am sending herewith an analysis of the Warren Report which I am trying to place for magazine publication. If you have any suggestions in that respect, I should be grateful.

I hope that this critique will be some some interest to Mr. Buchanan. His interview on WNYC this morning was most interesting. I would be glad if Mr. Buchanan could provide me with the name and address of the Oklahoma family he mentioned in the interview, so that I may request copies of their interviews with witnesses in Dallas.

By the way, is there a transcript or other record of the discussion you mentioned, in which both Mr. Buchanan and Mark Lane participated?

Thanks again. I am enclosing a copy of this letter for Mr. Buchanan's information when you forward the article to him. If it is not of special interest, I would be glad to have it back as copies are in short supplies

Yours sincerely,

Sylvia Meagher
