discussion to foreign correspondents Sauvage
re US elections - Japanese

correspondent says Warren left accepted
Japan - Eric Goldman mentions
a book re USA right-wing evolution
based on wholly false presumption
a right-winger assassinated JFK.

Conversation in CC of Inquiry 3pm
Sunday 1 Nov 1964

Photo of "Wanted" circular probably recalled for
Mark Lane lectures, shown by slide,
not known to appear any US public

Holland witness on witness (guff of evidence,
4 shots) also told ML invests. he saw
fence and found fresh footprints

WC account of loneliness - Shelley running
behind TBD not true, actually stopped
in front of Bldg, saw Tracy enter alone
five minutes later. Shelley or loneliness
phoned wife for Bldg 12:45 before
encountering Victoria Adams

This if so discounts WC claim JHO
left TBD by 12:33, on which hinges
balance of ~~the~~ story re bus & taxi

40" rifle actually adv. by Klein in
April issue Am Rifleman WC
10¢ off in Stearns, the price \$12.45

Re descrip notes order & shipment
revolver, WC places \$10.00 deposit in
January & balance in March -
so delay is real (not appointment) and
not explained

CC of I re copy 4/13 page on J Westman
affidavit report in typewriter, actually
4/18 - I don't agree, seems like
January '3" on photostory

Mark Lane was overstating when he said
Klein did not have the rifle (40") in
stock when Hadell order filled -
maybe yes, maybe no

ML going to Dallas middle Nov
then West Coast - will write
book - (Dec, NY?) will visit
Europe

Confirms Crawford identifier, Messium
by name without knowing it was
photo of him.

Evelyn Roberts apparently back at
young house

Teresa Norton suicide, have only
newspaper clips

Major Cobble - Martin is deputy head CIA

Checker remains found either at next or next but one window.

Interested in Capt. ^{Patuch} Garrison's statement "Mauser" notes he not called nor Gordon Shooklin

Points out discrepancies in replies given by WFO to questions, as reported by Fritz vs Bookhart, Hosty, Postal Inspector, etc.

Especially conflicting reports in WFO reply to "Hidell" alias

Also, if WFO had left by 12:33 pm Poulady & Shelly - who stayed in front of the bldg 5 min - would have seen him

Interested in "James Martin" or in two pen(?)
