

Tom Stamm

6/17

Pennsylvania,

Braverman material arrived Sat. 6/15 midday.

Today was first opportunity to reproduce it.

Copies of article in "Guns" illegible.

Will try again tomorrow

In any case important material is in his original ms. If necessary we can do without "Guns."

Agree with you article has shortcomings. For ~~TOA~~ TMO (Freudian slip?!) piece should be reworked.

When we see him will be time to broach it or you can put it to him by mail.

Tom

Did it today.

As you can see, tried various shades, all to
very little purpose.

Sorry

T.
