Dear Jim,

Thanks for your letter of the 4th and the copy of the decision of the Court in Harold's suit for the spectrographic test results. I am glad that you specified that the judgment was a victory for our side. The text of the decision, as legalistic and abstruse as it is, would have left me in doubt as to who won what from whom and when he won it.

I do not have an address for the Wisconsin Magazine of History, so I have not written to ask about reprints. I would just as soon send you \$50.00 to cover photo-offsets and mailing costs--provided that the Committee or you yourself can undertake the mailing of copies to each of the critics and apologists listed in the bibliography.

Very kind regards,

Yours sincerely,
