Dear Sylvia,

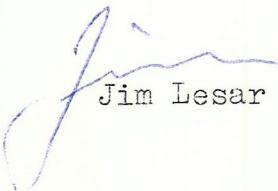

Enclosed is a copy of a draft of Professor Wrone's article. I believe it will appear in the Wisconsin Historical Review sometime next Fall. Although I'm not in accord with all of his judgments, I think the article will provide the uninitiated with some helpful guidance in sorting out the better books from the trash.

We've not yet received any report on whether or not we can pass around copies of Pete Noyes' manuscript on Did the Mafia Kill J.F.K.? I think attempts are still being made to get it published.

Thanks very much for sending me the materials I requested so promptly; the packet was waiting for me when I returned from New York. Has the piece on the urologist-apologist been published in the Texas Observer yet?

I was not able to check out the Veritas P. O. Box over the phone, as the Post Office will not give out any information. However, next time I go down by the Recorder of Deeds Office I will check to see if there are any ~~XXXXXXXXXX~~ records there indicating a corporate existence in D.C. (I phoned to find out but the Corporation Office said their index file retrieval system had blown a gasket or something and the list of corporations beginning with the letter "V" was totally inaccessible.) Incidentally, the Committee never received the Veritas mailing\_

Best regards,

  
Jim Lesar
