Dear Mr Lesar,

Just a line to thank you very warmly for your kindness in sending me the summary list of recently declassified complete CD's. There was no need to apologize for the quality of the xeroxing, as I found the list entirely legible -- too much so, I suspect, for your machine to be of interest to the government agencies concerned.

Again, my thanks and kind regards.

Yours sincerely,

Dear Harold---Thanks for your several recent letters. I do agree with you about the SS. As I have told our colleagues and/or ex-colleagues on the west coast, some of the testimony of Kellerman, Greer, Clint Hill, etc., was invaluable to the critics. I'll write further when there are new developments and when I am less pressed for time--we have a very full plate of various urgencies at my office. Keep well,

Best,
