Dear Bud,

The Report of the Commission of Investigation Established under the terms of General Assembly Resolution 1601 (XV), document A/4964 dated 11 November 1961, has long been out of print. No distribution copies are available at UN Headquarters.

It happens, fortunately, that our own WHO Liaison Office does have a file copy of this document. It is irreplaceable and invaluable, and it was only with great difficulty and solemn guarantees to my colleague in charge of our documents files that I was able to borrow the document. I gave my word of honour that it would be returned on or before Monday, the 27th of July, and no later than that date under any circumstances.

Please don't let me down. I hope that that deadline will give you enough leeway to read the document and to have excerpts typed. It should not, however, be taken apart for purposes of xeroxing, as I must return it in exactly the same condition as when it was loaned to me.

Please mail the document back by registered mail, addressed to me at the World Health Organization, Room 2235, United Nations, New York.

With kind personal regards,

Yours sincerely,

Sylvia Meagher
