Commission No. 1495

Lee Harvey Oswald - Assassination of President Konnedy

This will confirm telephone call on September 11, 1964, from Special Agent Elmer W. Moore, at the office of the Warren Conmission, who referred to Page 14, par. 6, of SA A. G. Vial's report dated 12/3/63, wherein reference was made to literature found in possession of Oswald which here the stamped address "FPCC 544 Camp St., New Orleans, La." SA Moore advised that this particular literature had not been received, and that the Warron Commission was desirous of obtaining same, if available.

I informed SA Hoore that I seemed to recall that one of the Fair Play For Cuba Committee circulars distributed by Oswald bore the address of 544 Camp Street, but that we had no circulars bearing this address in our file. SA Moore was informed that further search would be made, and that if necessary the Foderal Dureau of Investigation and the Police Department Intelligence Division would be contacted to determine if such a circular is available.

I subsequently contacted the local FBI office and was informed that a search would be made of their files for the circular, and up to this time no further information has been received from that office.

Further search of the files of this office disclosed that a pamphlet entitled "The Crime Against Cuba" by Corliss Lamont bears the following rubber stamped impression on Page 39: "F P C C 544 Camp St. New Orleans, La." One copy of this pamphlet was furnished Chief's Office with SA Vial's report dated 12/3/63, and is listed as an attachment. It is not known if the copy furnished with SA Vial's report bore the rubber stamped impression. The one remaining copy in this office is being furnished herewith.

Inquiry was also made of the Intelligence Division, New Orleans Police Dopertment, this date. They have one remaining copy of this same pamphlet, which bears the same rubber stamped address.

In view of the circumstances, it would appear that the comment in SA Vial's report referred to the above mentioned pamphlot, "The Crime Against Cuba" and not to the yellow circulars, some of which here the stamped impression "A J Hidell, P. O. Box 30016, New Orleans, La." and others "L. H. Oswald, 4907 Magazine Street, New Orleans, La.", copies of which have been furmished your office.
