

Mr. ROY S. TRULY, Warehouse Superintendent, Texas School Book Depository, advised that the approximate weight of each of the "Second Reading Reader" cartons when they are loaded with "Second Reading Reader" books is eight pounds.

He advised that the approximate weights of the two cartons with their contents that were located at the sixth floor window of the Texas School Book Depository and which were among the four cartons previously identified as Exhibit C-40, would be 55 pounds each.

Mr. TRULY advised that there were no cartons on the sixth floor of the Texas School Book Depository on November 22, 1963, which could not have been handled by one male individual.
