

BONNIE RAY WILLIAMS, warehouseman, Texas School Book Depository (TSBD) building, advised he resides in Apartment B at 1502 Avenue B, Dallas, Texas. WILLIAMS said he was born September 30, 1943, at Carthage, Texas.

WILLIAMS advised that on November 22, 1963, he left home as usual between 7:20 and 7:30 a.m. and arrived at the TSBD building at about 7:50 a.m. He said he began work at 8:00 a.m. and on that date was assigned to help put down 5/8 inch plywood over the existing floor on the sixth floor of the TSBD building. He stated in putting down the plywood it was necessary to move stock as the work progressed. WILLIAMS advised they stopped working on the sixth floor between 11:30 and 12:00 for lunch. He said it was at this time that he went down to the first floor to wash before eating his lunch. He said he picked up his lunch which was in the "domino room" which is a break room on the first floor of the TSBD building and returned with his lunch to the sixth floor where he intended to watch the Presidential motorcade.

WILLIAMS advised that according to his recollection he took up a position at the third double window from the southeast corner of the TSBD building. WILLIAMS said his lunch consisted of several pieces of fried chicken, some bread, and a package of Fritos. He also said he drank a bottle of Dr. Pepper while he ate his lunch. WILLIAMS advised to the best of his recollection he completed his lunch between 12:00 and 12:15 p.m. and left the chicken bones, some wax paper, and a brown bag on the floor by the window where he consumed his lunch. He said he also left his Dr. Pepper bottle sitting on a box in the same location.

WILLIAMS advised when he heard voices coming from the floor below and since there apparently was no one else on the sixth floor with him he decided to go down to the fifth floor to view the parade with other employees. WILLIAMS advised he did not see or hear LEE HARVEY OSWALD on the sixth floor of the TSBD building at this time but added that because of the position of the boxes he would not have been able to see from his location.
