

Item. 80: Implementation of the Recommendations of the Ad Hoc Committee on \$\$\$
(Fifth Committee, UN General Assembly, November 1968)

We Fifth Committee delegations
Are firmly for co-ordination
(By agencies and ACC,
Or ECOSOC and CPC)---
But not by we
Ourselves with our fellow
Delegations, nationally.

We cherish our freedom of choice
Not to speak with a single voice
And vote "against" in FAO
What we voted "for" in ILO.

We look moreover with keen suspicion
At attempts to impose a condition
Of prior consultation
With offspring organizations
Nor blindly venture into fog
Wherein the tail will wag the dog.

All Hail! to our sacred Sovereignty
A bas, with mere autonomy
And the devil take economy
---It will never replace
Our proudest grace:

The implementation of merenicy.
