5th C debate
on Salaries

Bring a pony of wages
A pocket full of nil
Half a thousand pages
For one inch up the hill

Eight or five or four, gross
It's as members like
Keep the walf to door close
And guarantee a strike

Out put up and in put down
Cast morale aside
Hunt the misers out of town
Baroody will preside

At the increment of Salaries
Quickly, fill the gallery
To hear the wise and witty
Talk of Fifth Committee

Advocates of Desab
Experts at the back-stab
Tangle multilingually
Collectively, and singly

Deplore the scale and mag
About the excess lag

The pampered Secretariat
Elite, not proletariat,

Overpaid and under-slaved

To be uncivil is degraded
When in the UN's service

A family's budget's nervous
