

Jack, Bob, and Ted —
Two are dead
Arlington, eternal flame
That's what's in a name

The captains and the sons depart
(Lyndon Johnson, have a heart)
O weep, good friends, for Camelot
Zagmader film and fatal shot

Tears flow like molasses
From Jacqueline Onassis
Gone the husband and his brother
And Madame Nhu's another

One widow banks in millions
Ari, they say, has billions
Ted, Bob, and Jack
Two ~~stuffed~~ shot in the back
And bullets in the head
(It doesn't look good for Ted)
