

Americans the dutiful
From sea to CIA
From Dar-es-Salaam to Kabul
Keep tyranny at bay

In Guantanamo the water
Has been cut off by Fidel
In Cyprus there's a slaughter
In defiance of George Bell

Unfaltering and steely-eyed
IM U-2 chased by MIGs
One agent failed to suicide
Then came the Bay of Pigs

The Peace Corps does its manful best
The cloak-and-dagger squad
Helped put Diem and Nhu to rest
Without the grace of God

They took our chaps in Zanzibar
And stood them at the wall
They stoned our Zone in Panama
And nasty Charles de Gaulle

Gave Red China recognition
In a spirit of defiance
Sent to Peking a trade mission
And demolished the Alliance

Our gallant men in Saigon
Trough embarrassed by the coups
Yearn for days now by-gone
Of the Buddhist barbecues
